

VSNDT

INDUSTRIAL ENDOSCOPE MANUFACTURER

HD Infrared Video Endoscope

VS-JKseries

- Fast replaceable
- Optical fiber lighting
- 360° steering
- 5" HD screen
- Infrared camera
- 3.9mm/6mm Various probe
- IP67 waterproof
- Battery module

- On/off freezing
- Picture/video key
- Up/flip key
- Menu/confirm key
- Joystick
- Brightness adjustment/delete key
- Return/playback key
- Down/zoom key

TF card, HDMI, Micro USB, Photo/video key

5" HD screen

720P HD real picture display

Megapixel

Capture every detail with new technology camera

Quick change probe

Optical fiber lighting

8 degree brightness

High density tungsten wire material

360 degree ergonomic designs structure with good durability and corrosion resistance

- High density braid outer layer
- EPDM erosion resistant tubes
- Guide steel wire
- Flexible polyurethane inner layer
- Compressive steel ring

IP67 waterproof and oil proof

The snake tube has the performance of heat insulation and chemical corrosion protection line, and can easily cope with the working environment with oil and water stains

Micro USB charging port

Battery module

Long term endurance, coping with various complex environments and improving efficiency

Application

It has a range of applications and can be used in a variety of endoscope detection scenarios

AUTOMOBILE MANUFACTURING

MEDICAL PIPELINE

SHIP POWER

MUNICIPAL DRAINAGE

MECHANICAL CASTING

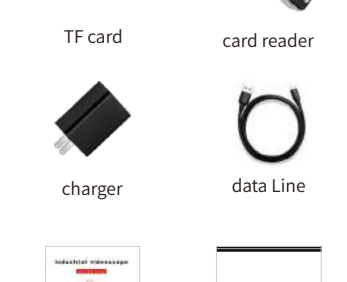

BUILDING BRIDGES

PRECISION CASTING

SPECIAL INSPECTION INDUSTRY

AEROSPACE

STONE CHEMICAL INDUSTRY
